Framework Conference Series ~ 2019-2020

▶ As the primary writers of **California's History-Social Science Framework**, the CHSSP is proud to announce a continued series of statewide conferences. In partnership with the California Department of Education, various county offices of education, and various educational organizations, the CHSSP invites you to join us in a renewed conference series.

Sessions will continue to highlight the four components of a well-rounded history-social science education: content, inquiry, literacy, and citizenship. Slightly longer sessions (75 minutes) will allow for expanded material and depth of coverage. Among the more than 20 conference sessions, look for sessions about the FAIR Act, world history, Native Californians, and greater attention to the needs of elementary educators and administrators.

- **September 10, 2019** – UC Irvine Conference Center
- **October 17, 2019** – Tulare County Office of Education
- **December 16, 2019** – CSU East Bay
