

NEW SUMMER INSTITUTE!

FOUNDATIONS OF FREEDOM

Join the CHSSP for a week-long summer institute devoted to strengthening civic learning in schools. In honor of America's Semiquincentennial, history teachers at all levels are invited to explore the roots of America's political traditions and the ways that Americans have worked to claim freedoms over time. Working alongside leading scholars and colleagues, teachers will engage in rich discussions, develop classroom-ready resources, and deepen their understanding of history and civic education today.
